(See Minutes of Proceedings dated, Thursday, March 2, 1999, Meeting no. 50).

On Clauses 2 and 8

The witnesses answered questions.

At 11.25 a.m., the Committee proceeded to Clause by Clause consideration of the Bill.

Clauses 2 to 10 carried severally on division.

Clause 11 was allowed to stand.

Clauses 12 and 13 carried severally on division.

Derrek Konrad moved, -That Bill C-56 be amended by adding after line 36 on page 5 of the following new clause:

"13.1 The council of a first nation, at the request of a member of that first nation, shall adopt a resolution that the entitlement of that member under an agreement be exercised in a manner other than having lands set apart as reserves, including, in particular,

(a) holding the lands in fee simple; or

(b) receiving an amount of money instead of lands."

RULING BY THE CHAIR

"Part 2 of the Bill establishes mechanisms to facilitate the implementation of claims settlements in Manitoba by the creation of reserves or the addition of land to existing reserves.

The amendment proposed by the Member appears to be inconsistent with the agreement since it proposes that entitlement be exercised in a manner other than having lands set apart as reserves. It therefore goes beyond the scope of the Bill and is contrary to citation 698(1) of Beauchesne's Parliament Rules and Forms (6th edition) which reads as follows: "An amendment is out of order if its is irrelevant to the bill, beyond its scope or governed by or dependent upon amendments already negatived."

Consequently, I rule the amendment out of order."

Clause 14 carried on division.

The Committee reverted to consideration of Clause 11.

After debate, Clause 11 carried on division.

The Schedule carried on division.

Clause 1 carried on division.

The Title carried on division.
